| 10:30-12:00| **Scientific Session 5**  
Personalized diabetes management  
Chairperson: Dra. Yadira Villalba, Colombia  
10:30 Prevention and management of cognitive impairment in patients at high risk of diabetes. Dr. Hermes José Florez, USA  
10:55 Gaps in prevention and the need to understand heterogeneity in type 2 diabetes. Dr. Venkat Narayan, USA  
11:20 Clinical Inertia in Diabetes Management, Dr. Xavier Cos, Spain  
11:45 Q&A | **Scientific Session 6**  
Obesity as a risk factor for type 2 diabetes  
Chairperson: Dr. Jorge Castillo, Colombia  
10:30 Lessons from the Look AHEAD Study on the Health Impact of Intentional Weight Loss. Dr. Edward Gregg, USA  
10:55 The obesity paradox. Dr. Ibrahim Mahmoud, USA  
11:20 Q&A | **Scientific Session 7**  
Interventions in the prevention of type 2 diabetes  
Chairperson: Dr. Juan Manuel Arteaga, Colombia  
10:30 Mediterranean diet for the prevention of type 2 diabetes. Dr. Francisco Tinahones, Spain  
10:55 Nutritional interventions in the prevention of type 2 diabetes. Dr. Jaana Lindstrøm, Finland  
11:20 Early prevention of macro- and microvascular complications in prediabetes. Dr. Rafael Gabriel, Spain  
11:45 Q&A |
| 12:00-14:00| **Satellite Lunch Symposium sponsored by Sanofi**  
What did we learn from Cardiovascular Outcomes Trials in People with Type 2 Diabetes? Dr. Hertzel Gerstein, Canada | **Satellite Lunch Symposium sponsored by Eli Lilly**  
Insulin Glargin as a treatment in diabetes. Dr Francisco Tinahones, Spain.  
Barriers beyond insulinisation. Dr. Pedro Nel Rueda, Colombia | **Satellite Lunch Symposium sponsored by Patia Biopharma**  
The role of genomics in T2D prevention  
Dr. Rafael Gabriel, Spain, Dr. Jaakko Tuomilehto, Finland, Dr. Juliana Chan, Hong Kong. |

### Scientific Session 12
**Strategies to prevent type 2 diabetes and its risk factors**
Chairperson: Dr. Luz Angela Casas, Colombia  
10:30 The Burden of Diabetes in Latin America & the Caribbean. Dr. Alberto Barcelo, PAHO  
10:55 The Brazilian Plan to Meet the NCD Challenge – Policies, Goals and Initial Progress with Reference to Diabetes. Dr. Bruce Duncan, Brazil.  
11:20 The use of registries to identify CVD risk factors in people with diabetes. Dr. Juliana Chan, Hong Kong

### Scientific Session 13
**Multifactorial early diabetes management**
Chairperson: Dr. Joaquin Armenta, Colombia  
10:30 Why all the big data can never replace large diabetes CV outcomes prevention trials? Dr. Hertzel Gerstein, Canada.  
10:55 Adopting or adapting guidelines for diabetes - which to do? Dr. Amanda Adler, UK  
11:20 Early management of recently diagnosed diabetes: The Addition trial, Dr. Nick Wareham, UK

### Satellite Lunch Symposium sponsored by Sicafarma
**VinoSimilares.** Dr. Jorge Castillo, Colombia

### Satellite Lunch Symposium sponsored by Bayer
**Diabetes eye complications The Retina Introduction, Dr Jose Ignacio Valenzuela. Retinopathy and macular edema: Who and when? Dr. Munir Escaf, Colombia Physiopathology and management of macular edema. Dr. Javier Buendía, Colombia AntiVEGF in the management of macular edema Presentation of clinical cases. Dr. Hugo Ocampo, Colombia Results of the BAROMETER survey. Jane Barratt, Executive Director IFA

### Satellite Lunch Symposium sponsored by Astra Zeneca
**New protagonists in the management of type 2 diabetes**  
Dr. Jaime Davidson, USA

| 14:00-15:00  | **Plenary Session: Does Intensive Glucose Control Reduce Cardiovascular Consequences?** Dr. Hertzel Gerstein, Canada  
Chairperson: Luis Carlos Rodríguez |
| 15:00-15:30  | **Coffee Break** |
| 15:30-16:30  | **Oral Presentations 4: Prevention, early detection and treatment of chronic complications of diabetes**  
Chairperson: Dr. Natalia Londoño, Colombia  
15:30 Cardiorespiratory fitness and adiposity index in children and adolescents from Bogota, Colombia. The FUPRECOL Study. R Ramirez, JE Correa, J Martinez, et al. Colombia  
15:45 Liver steatosis and T2D incidence: The PREDAPS study. X Cos, J Franch, C Giráldez, et al. Spain  
16:00 Lower diabetes prevalence above 3,000 m of altitude in Peru can be explained by wealth index, age and sex distribution: Analysis of the Peruvian Demographic and Health Survey. LM Morí, S Seclín, M Rosas, et al. Peru |
| 16:15-17:15  | **Scientific Session 15**  
**National prevention programs for type 2 diabetes**  
Chairperson: Dr. Carlos Calderon, Colombia  
16:30 Primary Health Care Prevention Program for Diabetes in Mauritius. Dr. Sudhirsen Kowlissur, Mauritius  
16:55 Lessons learnt from scaling up to a statewide diabetes prevention program in Victoria, Australia. Dr. James Dunbar, Australia.  
17:20 Q&A |
| 17:30-18:30  | **City and Health Environment Award presentation:** The “Urban Insulin” Project  
Closing Remarks and Future Steps |
| 15:45        | **Oral Presentations 5: Public Health and Epidemiology**  
Chairperson: Dr. Gustavo Parra, Colombia  
15:30 Cohesion and family adaptability of patients with T2D controlled and a uncontrolled. JC Tomas, ER Riviera, Mexico  
15:45 Assessment of the frequency of postprandial hyperglycemia in T2D patients treated with basal insulin with inadequate control of HbA1c and good control of fasting blood glucose. A Ruiz, MF Puerta, AC Duarte, et al. Colombia  
16:00 Interventions in nephron-protection and goal attainment in population diagnosed with Diabetes Mellitus and Chronic Kidney Disease Stages 1, 2 and 3 in Colombia. 2014. LA Soler, P Aschner, L Acuña, et al. Colombia |
| 17:30        | **Scientific Session 16**  
**Debate: How much have we advanced with help of the new anti-diabetic drugs in treatment of type 2 diabetes?**  
Chairperson: Dr. Jose Luis Torres, Colombia  
Much: Dr. Jaime Davidson, USA  
Not enough: Dr. Juan José Gagliardino, Argentina. |
Walk
for the prevention of diabetes

Sunday
18 October 8:00 am
Cartagena historical center
Domingo
Centro Histórico de Cartagena

The 8th World Congress on Prevention of Diabetes and its Complications invites all the participants to the walk that will take place on Sunday October 18th, 2015, with the following historical and cultural tour.

El 8º Congreso Mundial de Prevención de la Diabetes y sus Complicaciones invita a todos los participantes del Congreso a la caminata que se llevará a cabo el domingo 18 de octubre de 2015, con el siguiente recorrido histórico y cultural.

Pre-registration in the Congress registration area

7:30 a.m. Meeting Point: Lobby Hotel Las Americas Torre del Mar
8:00 a.m. Walk starts at Baluarte de Santa Catalina

1st Station: Las Bovedas
2nd Station: Plaza San Diego
3rd Station: Iglesia Santo Toribio
4th Station: Plaza de Santo Domingo
5th Station: Catedral
6th Station: Plaza de Bolívar
7th Station: Plaza de la Aduana
9:30 a.m. Close
1. Obex supplement for weight loss and improved glucose fasting tolerance in overweight and obese: An alternative for preventing or delaying diabetes. Eduardo Cabrera-Rode, Janet Rodríguez-Acosta, Aimee Álvarez-Alvarez, Ragmila, Echevarría-Valdés, Antonio Reyes-Rodríguez, Ileana Cubas-Dueñas, Silvia Elena, Turcios-Tristá, Arturo Hernández-Yero, Oscar Díaz Díaz, Cuba

2. The role of vaspin in the early stages of glucose intolerance and in metabolic syndrome. Rumyana Dimova, Tsuvatina Tankova, Georgi Kirilov, Nevena Chakarova, Lilia Dakovska, Greta Grozeva, Bulgaria

3. Education in Health and Nutrition Program for primary schools in Spanish-speaking Latin American countries. Martínez Sanchez Mario Eduardo, Escaño Polanco Felix, Sanchez Lilia Victoria, Mesa Perez Jose, Rosas Guzman Juan, Cagide Ana Lia, Alpizar Salazar Melchor, Mexico

4. Prevention of diabetes type 2 and the metabolic syndrome by developing a nutritional culture in teenagers and young adults at the University of la Sabana (Colombia). Sandra Rodríguez, Franco Segnini, Mariagracia Martínez, Jaime Ayala, Catalina Rozo, Amparo Russi, Vílma Girató, Carmen Cecilia Almonacid, Luis Gustavo Celis

7. Determination of the glycemic index of some foods and preparations Native Colombian Caribbean. Gustavo Andres, Tilson Fernández Navarro, Andrés Solar García, Colombia

8. Assessment of the glycemic response of different enteral formulas. Luisa Fernanda Casallas Malaver, Patricia Savino Lloreda, Colombia

9. Nrf2 transcriptional activity according anti-diabetic treatment is associated with increasing oxidative stress in subjects with type 2 diabetes. Ángelica Saraí Jiménez-Osorio, Alejandra Picazo, Susana González-Reyes, Martha Eunice Rodríguez-Arellano, José Pedraza-Chaverri, Mexico

10. A Novel locus and novel gene variants associated with Type 1 Diabetes in Colombian families. Nicolas Pineda-Trujillo, Alejandra Rodríguez-Rodríguez, Astrid Rodriguez, Antonio Rivera, Martin Toro, Maria-Victoria Lopera, Alejandra Velez, Jorge Garcia-Ramirez, Diana Sarrazola, Juan-Manuel Alfaro, Colombia

11. Artificial pancreas: towards the development of a new automatic device to prevent type 1 diabetes complications. Fabian León-Vargas, Colombia

12. Path analysis: Identifying factors associated to present adverse events in newborns from diabetes gestational diagnosed mothers. Socorro Parra, Belén Trejo-Valdivia, Hortensia Moreno-Macias, Ignacio Méndez-Ramirez, Eliana Cejudo-Carranza, Bejamin Oliva, Mexico

14. Determinants for the diagnosis of type 2 Diabetes Mellitus in women who had Gestational Diabetes Mellitus. Vicky Motta, Segundo Seclen, Moises Rosas, Peru

15. Colombian Health Policy to control Diabetes Mellitus: Adoption the 4x4 Strategy. Jancy Andrea Huertas, Fernando Ramirez Campos, Colombia

16. Primary Health Care Prevention Program for Diabetes in Mauritius. Sudhir Kowlessur, Mauritius

20. Comparative analysis of direct costs due to diabetes mellitus type 2 (dm2) in Colombia. Erika Carolina López Llano, Ana Elizabeth Barrera Carvajal, Clara Sofia Blanco, Alvaro Fernando Rico López, Colombia

21. Influence of a physical activity program on health quality of life in type 2 diabetes. Is there a difference between practising it in a group or individually? Ana Elizabeth Barrera Carvajal, Alvaro Fernando Rico López, Nizme Beatriz Pérez Mendoza, Erika Carolina López Llano, Colombia

23. The Metabolic Syndrome in apparently healthy adolescents from an urban population in Guayaquil, Ecuador. Fernando Aguirre Palacios, Antonio Coca Md., Mario A Paredes Md, Maria Fernanda Aguirre C, Ecuador

24. Glycemia and cardiovascular variables in construction workers in Santander, Colombia. Reynaldo Mauricio Rodríguez Amaya, Colombia

25. Lower Diabetes Prevalence above 3,000 m of Altitude in Peru Can Be Explained By Wealth Index, Age and Sex Distribution: Analysis of the Peruvian Demographic and Health Survey. Laura Melissa Mori Llontop, Segundo Seclén, Moisés Rosas, Arturo Arias, Peru

26. Comparison of incidence and risk of type 2 diabetes (t2d) between Spain and México. Rafael Gabriel, M E González-Villalpando, M Alonso, M Zamora, S Vega, C Dávila, C Brotons, B Tejo, J Muriz, C González-Villalpando, Spain

27. Type 2 Diabetes incidence in prediabetic population. The PREDAPPS study. Xavier Cos, Josep Franch, Carolina Giráldez-García, Sara Artola, Javier Díez, Javier García-Soidán, Enrique Regidor, Spain

28. Liver steatosis and type 2 Diabetes incidence. The PREDAPS study. Xavier Cos, Josep Franch, Carolina Giráldez-García, Manel Mata, Didac Munteanu, Enrique Regidor, Spain

29. Incidence of type 2 diabetes and associated factors in the adult population of Madrid. Predimerc cohort. Honorato Ortiz Marron, Elisa Gil Montalbán, Belen Zorrilla Torras, Mercedes Martínez Cortés, María D. Esteban-Vasallo, Mª Dolores Martín-Rios, Spain

30. Trends in smoking and smoking cessation activity in Finnish people by diabetes status. Mervi Hara, Vladislav Moltchanov, Noël C Barengo, Jaakko Tuomilehto, Finland

31. Prevalence of excess weight and obesity as risk factors for cardiovascular and metabolic risk in adolescents 13 to 17 years. Jaime Antonio Grisales Rangel, Edwin Jose Cañate Rueda, Claudia Patricia Manrique Valdelamar, Adrian Jose Amell Diaz, Colombia

32. Polymorphism in PPGARG gene can be a risk factor for obesity in Mexican children. Jose de Jesus Peralta Romero, Aldo Ulloa Valdez, Ramón Gómez Salas, Veronica Leonor Bracamonte Curiel, Ana Isabel Burguete García, Fernando Suarez Sanchez, Jaime Gómez Zamudio, Roberto Karam Araujo, Adán Valladares Salgado, Miguel Cruz López, Mexico

33. Metabolic syndrome and healthy lifestyles in patients with type 2 diabetes mellitus in three public hospitals from Colombia. Sandra Rodríguez, Franco Segnini, Mariagracia Martínez, Jaime Ayala, Catalina Rozo, Amparo Russi, Vilma Giratá, Carmen Cecilia Almonacid, Luis Gustavo Celis, Colombia

34. Cardiorespiratory fitness and adiposity index in children and adolescents from Bogota, Colombia. The FUPRECOL Study. Robinson Ramirez-Veléz, Jorge Enrique Correa-Bautista, Javier Martinez-Torres, Felipe Lobelo, Colombia
35. Caloric restriction increase tight junctions and HSF-1 cytoprotective pathway in aging rats. Kelly Lima Calisto, Angelica Camacho Pereira, Francine Cappa Mittestainer, Mário José Abdalla Saad, Brazil

36. Impaired Systolic Function by Strain Imaging in Metabolic Syndrome: The ELSA-Brasil Study. Wilson Cañón Montañez, Maria Inês Schmidt, Bruce Duncan, Murilo Foppa, Angela Barreto Santiago Santos, Marina Bessel, Julio Cesar Gall Pires, Julio Cesar Gall Pires, Brazil

38. Insulin and glucose pre- and post-glucose load in women with and without dysmenorrhea in Baranquilla, Colombia. Fernando Vásquez Rengifo, Colombia

39. Adherence of patients with type 2 diabetes mellitus to antihypertensive and its relationship with the quality of life. Gloria Mercedes Guarín Loaiza, Análida Elizabeth Pinilla Roa, Colombia

40. Glycemic control and cardio-metabolic risk factors in patients with diabetes mellitus seen by residents of the family medicine program in Bogotá, Colombia. Diana Carolina Tamayo, Sandra Marcela Camacho, NoéL Christopher Barengo, Pilar Andrea López, Teresa Tono, Colombia

41. Cohesion and family adaptability of patients with diabetes mellitus type 2 controlled and a uncontrolled. Juan Carlos Tomas Lopez, Eugenia Del Rocio Riviera Tello, Mexico

42. Assessment of the frequency of postprandial hyperglycemia in T2DM patients treated with basal insulin with inadequate control of HbA1c and good control of fasting blood glucose. Alvaro Ruiz Morales, Maria Fernanda Puerta, Ana Catalina Duarte on behalf of the investigators for Glucopa, Colombia

43. Clinical and metabolic characterization of pediatric patients with type 2 diabetes newly diagnosed. Morales Camacho Williams, Molina- Díaz, Mario, Klünder- Klünder Miguel, Miranda-Lora, America, Medina-Bravo, Patricia, Flores_Huerta, Samuel, Santaana, Zenia, Mexico

44. Association between sources of information and the level of knowledge about diabetes in patients with type 2 diabetes. Katherine Cantaro, Jimena Jara, Percy Mayta-Tristán, Peru

45. Antipsychotic Olanzapine treatment causes insulin resistance and alteration in gut microbiota of male mice. Francine Cappa Mittestainer, Angelica Camacho Pereira, Kelly Lima Calisto, Andrey Santos, Mario Jose Abdalla Saad, Brazil

46. Antidiabetic Dapagliflozin treatment ameliorates metabolic parameters and insulin resistance of high fat–fed mice. Angelica Camacho Pereira, Francine Cappa Mittestainer, Kelly Lima Calisto, Mario Jose Abdalla Saad, Brazil

47. Type 2 diabetes confirmed diagnosis patients characterization of a Colombian health care insurance. Romero Martin, Lina Maria Huervano, Juan Pablo Alzate, Colombia

48. Association of metabolic syndrome and its components with the activity of cholinesterase (AChE) and Butyrylcholinesterase (BChE) in mexican children. Jose de Jesus Peralta Romero, Mexico

50. Mauritius Diabetes Risk Score. Sudhir Kowlessur, Mauritius

51. Evaluation of the Findrisc as a screening tool for people with impaired glucose regulation in Venezuela using a modified score with validated regional cutoff values for abdominal obesity. Ramfis Nieto, Juan Pablo González, María Inês Marulanda, Eunice Ugel, Pablo Aschner, Venezuela

52. The Colombian diabetes risk score. NoéL C. Barengo, Diana Carolina Tamayo, Justo Paz, Teresa Tono, Jaakko O. Tuomilehto, Colombia

53. Evaluation of the Findrisc as a screening tool for people with impaired glucose regulation in Uruguay using a modified score with validated regional cutoff values for abdominal obesity. Doris Anabel Vignoli, Elaine Connio, Pablo Aschner, Uruguay
54. A simple tool for the screening of diabetes. PS Sohal, TK Sohal, Canada
55. Effect of the aqueous extract and the liquefied pulp of pouteria lucumana on the glycaemia of sprague dawley rats. Nakamatsu Yonagusuku, Jolly Yzumi, Colarossi, Ana, Rosas, Moisés, Chavez, Omhar, Peru
56. Barriers in the prevention and management of diabetes in South Asians. Parmjit Sohli, TK Sohli, NA Khan, Canada
57. ‘Pie risk’: a novel tool for the prevention of diabetic foot. Arturo Orduz Lopez, Colombia
58. Diabetes-related major lower extremity amputations in the two principal Health Institutions in Mexico, 2005-2014. Iván de Jesús Ascencio Montiel, Jesús Kumate Rodríguez, Héctor Rodríguez Vázquez, Nelly Cisneros González, Mexico
59. Prevalence of Silent Ischemic Cardiopathy in Type 2 Diabetes Mellitus patients. Dulman Omar Pineda De Paz, Mario René Pineda De Paz, Yu Ling Lee, Luis Carlos Barrios, Mayra Elizabeth Cifuentes, Guatemala
60. Diabetic foot in a population undergoing dialysis in Colombia: What can we do? Hernando Franco Torres, Víctor A. Delgado, Colombia
62. Diabetic Neuropathy in Patients with and without Secondary Hyperparathyroidism. “José Carrasco Arteaga” Hospital, March to December 2014, Cuenca, Ecuador. Juan Miguel Aleman Ihiguez, Ecuador
63. LDL cholesterol levels in adult population with diabetes mellitus Colombia. 2014. Pablo Aschner Montoya, Lizbeth Acura Merchán, Luisa Alvis, Patricia Sánchez, Alejandro Bryón, Luis Alberto Soler, Colombia
64. Technological approach for prevention of type 2 diabetes complications: a mobile app prototype to induce lifestyle modifications. Maira García-Jaramillo, Colombia
65. Interventions in nephroprotection and goal fulfillment in population diagnosed with Diabetes Mellitus and Chronic Kidney Disease Stages 1, 2 and 3 in Colombia. 2014. Luis Alberto Soler, Pablo Aschner Montoya, Lizbeth Acura Merchán, Luisa Alvis, Patricia Sánchez, Alejandro Bryón, Colombia
66. Analysis of diabetic nephropathy in 2594 patients with T2D from Mexico City. Goals and perspectives. Veronica Leonor Bracamonte Curiel, Jose de Jesus Peralta Romero, Mexico
67. Information Technologies in Diabetes: prevention of complications and patient follow up DIAPETICS PLATFORM. Martha Zequera, Ricardo Borda, Colombia
68. Rationale and design of the DP-TRANSFERS project: Diabetes prevention-Transferring findings from European research to society in Catalonia. Bernardo Costa, Xavier Cos, Conxa Castell, Claustr Solé, Marta Canela, Antoni Boquet, Cristina Jardí, Sònia Sarret, Joan-Josep Cabrè, Francisco Barrio, Daniel Ferrer-Vidal, Jaana Lindström and The Catalan Diabetes Prevention Research Group, Spain
70. Relationship between waist to height ratio, waist circumference, insulin and ultrasensitive c-reactive protein levels in children from Cartagena. Carolina Castillo García, Miledys del Carmen Guerra Herrera, Dalenys Janeth Palacios Rodríguez, Ricardo Antonio Agredo Zúñiga, Colombia
71. Effectiveness of an interdisciplinary intervention in adult patients with type 2 diabetes Mellitus from Manizales, Colombia. Molina-de Salazar, Dora, Forero-Gómez, Julián E, Giraldo, German C, Melo, Melissa A, Sanchez-Moscoco, Paula A, Esparza; Angela S, Chacon, Yitzhak Z, Jaramillo-Rojas, Marisol, Guapacha, Juliana A, Ortiz, Ana M., Cajas, Victoria, Jurado, Maribel, Colombia
8th WORLD CONGRESS ON PREVENTION OF DIABETES AND ITS COMPLICATIONS
8° CONGRESO MUNDIAL DE PREVENCIÓN DE DIABETES Y SUS COMPLICACIONES

Cartagena 15 al 18 de Octubre de 2015
Hotel las Américas, Resort y Centro de Convenciones

Organización a Cargo de:
